Welikada,

Rajagiriya.

STRUCTURAL SAFETY CERTIFICATE

FOR THE BANDARANAYAKE HOSPITAL PVT.LTD, 128/A, WATHUPITIWALA.

This is reference to the above hospital which is a Private Medical institution located at No: 128/A, Wathupitiwala. I personally visited the Bandaranayake Hospital and inspected the following details.

- The four storied building with the Ground floor, First floor, Second Floor, Third Floor are structurally in good condition.
- Walls, Doors, Windows, Aluminum Partitions, Ceiling and Roof are in good condition.
- No Water leakages to be seen from the slabs, columns, beams or walls.
- All Bathrooms are in good condition.
- No dangerous wiring to be seen from the outside of the walls.
- All fixed units and accessories are in safe condition.
- No water leakages from the plumbing systems.

Hence I recommend that the Bandaranayake Hospital Building is suitable for the functioning as a Private Medical Institution of providing health services to the public.
