Dear Madam,

Premises Bearing Assessment No: 60, Park Street, Colombo
02. - Belonging To Ceylinco Healthcare Services Ltd. -
Structural Safety Certificate

This letter serves to confirm that I have inspected the above building & I can confirm that it is in a safe & stable condition devoid of any structural problems in terms of durability, stability or deterioration of the structural elements.

The Bunker & the areas where the radiation treatment facilities are carried out remain safe, stable & free of any cracks which were the criteria set out at the time of design & construction by the atomic Energy Authority of Sri Lanka.

The structure is thus safe for occupation & the conduct of its business of Health Care Facilities.

Yours faithfully,
