Dear Sir / Madam,

**Extension to the Interim Licence issued for Use/Possession of Dental Radiography
X-ray Machine**

Ref: Interim Licence No. GM/27/A/MR-02-A/L/02/2022-I

This refers to the interim licence issued by Sri Lanka Atomic Energy Regulatory Council (Council) for use/possession of the Dental Radiography X-ray machine at your facility.

Since you have settled the licence fee, the Council has decided to issue a licence for the remaining period from 01st June 2022 to 31st December 2024.

Enclosed please find the licence (Licence No. GM/27/A/MR-02-A/L/02/2022) issued for use/possession of the Dental Radiography X-ray machine for the years 2022 to 2024.

The next renewal date of the licence will be on 01st January 2025.

It is required to apply for renewal of the licence along with the licence processing fee of Rs.2000.00 not less than three months prior to the date of expiry of the licence.

If application will not be submitted for renewal before 30th September 2024, you are liable to pay Rs.100.00 as a surcharge for each day until the date of submission of the application.

You are requested to conspicuously display the names and photographs of the personal authorized in the licence to operate the X-ray machine at the facility along with the attached notice for information to the public. You are also requested to display a copy of conditions of the licence at a prominent area of the institute for information of the employees.

Thanking you,

Director General,
Sri Lanka Atomic Energy Regulatory Council.

SRI LANKA ATOMIC ENERGY REGULATORY COUNCIL

CONDITIONS OF LICENCE No. GM/27/A/MR-02-A/L/02/2022

1. The licensee must comply with all relevant provisions of the Sri Lanka Atomic Energy Act No. 40 of 2014 and Atomic Energy Safety Regulations No. 1 of 1999.
2. The licensee must use only the X-ray equipment specified in the licence and only for the purpose specified in the licence.
3. X-ray equipment should only be operated by the personnel authorized in this licence for operating the X-ray machines.
4. Any alterations to the facility buildings should not be carried out without prior approval of the Council.
5. If the X-ray facility is shifted to another location (for different address), this licence will not be valid for use of the machine and new licence for new location shall be obtained.
6. If the X-ray machine is removed to another room within the same premises, a modification to the exist licence shall be obtained.
7. The X-ray equipment, which is licenced with the Council, shall not be sold or transferred without prior approval of the Council.
8. Any X-ray equipment which are not included in this licence shall not be used without prior approval of the Council.
9. Modification to the licence shall be obtained prior to use of new X-ray tubes/machines, use of new workers including Radiation Protection Officer (RPO).
10. The licensee shall ensure the safety and security of the X-ray equipment.
11. The licensee must ensure that the X-ray equipment are repaired and serviced only by the persons having proper training on repair & servicing of X-ray machines.
12. The licensee shall notify and apply for renewal of the licence along with the application processing fee of Rs.2000/= not less than three months prior to the date of the expiry of the licence issued.
13. All personnel who operate the machines/work in the controlled areas shall be provided with a personal dosimeter approved by the Council to ascertain their radiation exposures and records of exposures should be maintained for an inspection by regulatory inspectors.
14. Any over exposures of workers due to unexpected occurrences shall immediately be notified to the Council and a report indicating findings of the over exposures including statements from the exposed persons should be sent to the Council within a week.
15. The licensee shall arrange an annual health surveillance program for workers listed under section 6, 7 & 8 of this licence to meet the requirements of regulation No. 42 of the Ionizing Radiation Protection Regulations gazetted on 28th July 2000.
16. In any case, Radiation Protection Officer or worker/s authorized in this licence are unable to perform duties entrusted to them by Sri Lanka Atomic Energy Act No. 40 of 2014 and Ionizing Radiation Protection Regulations 1999; suitably qualified persons should be appointed and Council should be informed immediately along with the modification application (Mod-01) to obtain an amendment to the existing licence.
17. Information contained in the licence shall not be given to any third party without prior approval of the Council.
